1.1. By subscribing to the "Wi-Fly annual" tariff packages for a period of 1 (one) year, the Subscriber begins using the Services at the tariffs (monthly fees) of the "Wi-Fly annual" tariff packages and undertakes to use the "Wi-Fly annual" tariff packages for 1 (one) year (365 (three hundred sixty-five) days) from the date of Service activation, receiving the benefits provided by the package. If the Subscriber has joined the Services under an automatic renewal condition, then after 1 (one) year (365 (three hundred sixty-five) days), the Subscriber's contract is automatically renewed for another 1 (one) year (365 (three hundred sixty-five) days), and the Subscriber continues to receive the benefits of the Services provided under the annual subscription terms. This rule applies to each subsequent extension—the Subscription contract is automatically renewed periodically under the same principle for a mandatory period of 1 (one) year (365 (three hundred sixty-five) days) in the following years as well, unless the Subscriber refuses the automatic renewal service of the Subscription contract based on a written request. The Subscriber may refuse the automatic renewal condition at the time of signing the subscription contract, as well as at any time before the end of the mandatory subscription period; in that case, after the end of the mandatory subscription period, the Services will be provided to the Subscriber in accordance with the tariffs (monthly fees) and terms of the "Wi-Fly" tariff packages.

**When subscribing to the "Wi-Fly annual" tariff packages defined in Table 3 and Table 4, the Subscriber receives the following benefit:**

1.5. If the Subscriber has subscribed to the conditions defined in subclauses i, ii. of clause 1.2. of these terms, then starting from the activation of the main Services, for 4 (four) consecutive months they may not change the tariff/tariff package if the monthly fee of the new tariff/tariff package is not at least equal to the monthly fee of the previous tariff package.

1.6. By subscribing to the "Wi-Fly annual" tariff packages with a 1 (one) year subscription condition, in case of temporary suspension of service provision or suspension of service provision due to late payments, the mandatory subscription period for the given services/tariff package and the conditions of the "Wi-Fly annual" tariff package, including the inclusions in the package and the duration of the monthly fee of the tariff package, are extended by the duration of the suspension period.

  - 2.4. If an active Subscriber switches, without a 1 (one) year subscription commitment, to any of the "Wi-Fly annual" or "All in annual" tariff plans defined in Table 3 and Table 4 of these terms, then the Subscriber shall cease to receive the conditions defined under the previous tariff/service package and shall begin to receive the conditions defined under the new tariff/service package with a 1 (one) year subscription commitment, except for the conditions defined in Clause 1.2, subclauses i and ii of these terms.
