- 2.2. If an existing subscriber with a 1 (one) year subscription switches to any of the "All in" or "Wi-Fly" tariff packages listed in Table 1, then the subscriber ceases to receive the terms of the previous tariff/service package and starts using the terms of the new tariff/service package. 3. Terms for Changing Tariff Packages Between the Tariff Packages Defined by These Terms

3.1. If the Subscriber changes the tariff plan during the period of validity of the conditions set forth in subpoints i, ii, and iii of clause 1.2 of these terms — by switching to any tariff under the “All in Annual” or “Wi-Fly Annual” plans — they will continue to benefit from the provisions stated in subpoints i, ii, and iii of clause 1.2 within the scope of the new tariff/service package until the originally established expiration date. However, if during that same period the Subscriber switches to “All in”, “All in Annual Economy”, “Wi-Fly”, “Wi-Fly Annual Economy”, “Wink TV”, or “Fixline” tariff plans, they will no longer be entitled to the benefits outlined in subpoints i, ii, and iii of clause 1.2.

3.2. If a Subscriber who has subscribed to any "All in Annual" tariff package listed in Table 2 for 1 (one) year switches to any "Wi-Fly Annual" tariff package, they must pay a one-time switching fee of 4000 AMD.

3.3. If a Subscriber switches from an "All in" / "All in Annual" tariff package, where the "Turbo" service is included, to another tariff package where "Turbo" is not included, then the monthly fee for "Turbo" continues to apply automatically within the new tariff package from the moment of switching.

In this case, the Subscriber has the right to opt out of the "Turbo" service. If they do so, the TurboSpeed AX1800 device will be removed from the Subscriber's residence following the Operator's established procedure.

3.4. If a Subscriber switches from an "All in" / "All in Annual" tariff package, where "Turbo" is not included, to a tariff package where "Turbo" is included, then the monthly fee for "Turbo" will automatically stop applying within the new tariff package from the moment of switching.

3.5. The Subscriber has the right to cancel the "Turbo" service at any time. In this case, the Operator will remove the TurboSpeed AX1800 device from the Subscriber's address, and the monthly fee for the service will no longer be charged.

3.6. In the event of termination of the Subscription Agreement between the Operator and the Subscriber (either unilaterally or mutually), the TurboSpeed AX1800 device must be returned to the Operator.

3.7. The mandatory subscription period for "All in Annual" tariff packages is considered fulfilled when the Subscriber has used the subscribed services/tariff package for at least 1 (one) year (365 days) from the activation date.

If the subscription is terminated before the specified period, either by Subscriber action or inaction, they must fully pay any outstanding debt to the Operator and a termination fee of 15,000 AMD.

3.8. In the event of a unilateral termination of the Subscription Agreement by an individual Subscriber, the Operator will process the termination only after the Subscriber has fully paid for the services provided up to the termination date, including monthly fees, penalties, fines, and other applicable charges.

3.9. If a current Subscriber subscribes to any tariff package listed in Table 2 for a 1 (one) year period, they will only receive the benefits specified in subclause iv of clause 1.2 of these terms.
