1.4. The tariff plans "Wi-Fly" and "Wi-Fly Annual" set out in Table 2 and Table 4 of these terms and conditions are intended for new subscribers only, i.e. existing subscribers cannot switch or renew an existing contract by joining these tariff plans. The tariff plans "Wi-Fly" and "Wi-Fly Annual" set out in Table 2 and Table 4 are available to existing subscribers exclusively in the cities of Gyumri and Alaverdi.

1.5. If the Subscriber connects to the "Wi-Fly Annual" tariff in the manner specified in these conditions and temporarily suspends the provision of Services for any reason within 1 year (365 calendar days) from the activation of the Services, or if the provision of Services is suspended due to payment delays, then the period for providing the 50% discount during the first three/four months specified in points 1.1 and 1.2 shall not be extended for the duration of the suspension of the Services.

When subscribing to the "Wi-Fly Annual" tariffs with a mandatory subscription for 1 (one) year, in the event of temporary suspension of Services or suspension of Services due to payment delays, the mandatory subscription period for these Services/tariff plan and the terms of the "Wi-Fly Annual" tariff, including the duration of inclusions and the monthly fee, shall be extended for the duration of the suspension.

2. Conditions for changing tariff plans — from existing tariff plans.

⁸ This condition applies exclusively to new subscribers.

⁹ This condition applies exclusively to new subscribers.

2.1. If a subscriber with an active 1 (one) year subscription switches to any of the "Wi-Fly Annual" or "All in Annual" tariffs specified in Tables 3 and 4 with a mandatory subscription for 1 (one) year, then the existing contract is renewed for another 1 (one) year. The subscriber ceases to receive the conditions of the previous tariff plan and begins to use the conditions of the new tariff plan.

2.2. If a subscriber with an active 1 (one) year subscription switches to any of the "Wi-Fly" or "All in" tariffs specified in Tables 1 and 2, then the subscriber stops receiving the conditions established by the previous tariff/service package and starts receiving the conditions established by the new tariff/service package, but the subscriber continues to use the new tariff/service package with a mandatory subscription for 1 (one) year until the originally established period expires.

2.3. If an existing subscriber switches to any tariff without a 1 (one) year subscription specified in Tables 1 and 2, then the subscriber stops receiving the conditions established by the previous tariff/service package and starts receiving the conditions established by the new tariff/service package without a mandatory 1 (one) year subscription.

2.4. If an existing subscriber switches to any of the "Wi-Fly Annual" or "All in Annual" tariffs specified in Tables 3 and 4 without a mandatory 1 (one) year subscription, then in this case, the subscriber stops receiving the conditions established by the previous tariff/service package and begins to receive the conditions of the new tariff/service package with a mandatory 1 (one) year subscription.

3. Conditions for changing tariff plans — between the tariff plans established by these conditions.

3.1. If the Subscriber makes a change to the tariff plan during the period of providing Services with a 50% discount, switching to any of the "All in Annual" tariffs established by the General Directors of GNC-ALFA and Hybrid Solutions, with order number 052-12-2023-H5-L, or to any of the "Wi-Fly Annual" tariffs, then they will continue to use the Services provided by the new tariff plan with a 50% discount until the expiration of the originally established period for that discount. During this period, if the Subscriber switches to any of the "All in," "All in Annual Economy," "Wi-Fly," "Wi-Fly Annual Economy," "Wink TV," or "Fixline" tariff plans, they will stop using the Services at a 50% discount.

3.2. If the Subscriber changes the tariff plan between the "Wi-Fly Annual" tariffs established in Tables 3 and 4 of these conditions, then the Subscriber stops receiving the conditions established by the previous tariff/service package and begins receiving the conditions established by the new tariff/service package; however, the Subscriber continues to use the new tariff/service package with a mandatory annual subscription until the originally established period expires. If the monthly fee of the new tariff/service package is lower than that of the previous tariff/service package, then the Subscriber is obliged to pay a one-time transition fee of 2000 AMD.

3.3. If a Subscriber with a 1 (one) year subscription switches to any tariff without a 1 (one) year subscription requirement, they are obliged to pay the Operator the entire current debt and a penalty of 15000 (fifteen thousand) AMD and will start receiving the conditions established by the new tariff/service package without the 1 (one) year subscription requirement.

3.4. If the Subscriber switches from a tariff of the "All in"/"All in Annual" service package that includes the "Turbo" service to another tariff that does not include the "Turbo" service, then the monthly fee for the "Turbo" service will start applying within the new tariff plan automatically from the moment of transition. In this case, the subscriber has the right to refuse the "Turbo" service. If the Subscriber refuses the "Turbo" service, the TurboSpeed AX1800 device will be dismantled from the Subscriber's residence according to the procedure established by the Operator.

3.5. If the Subscriber switches from any "Wi-Fly"/"Wi-Fly Annual" tariff plan that does not include the "Turbo" service to another tariff plan that includes the "Turbo" service, then the monthly fee for the "Turbo" service will cease to apply within the new tariff plan automatically from the moment of transition.

3.6. The Subscriber has the right to refuse the "Turbo" service at any time. In this case, the Operator will dismantle the TurboSpeed AX1800 device from the Subscriber's address, and the monthly fee for the service will cease to apply within the Subscriber's tariff plan.

3.7. In the event of termination of the Subscription Agreement between the Operator and the Subscriber (unilaterally or bilaterally), the TurboSpeed AX1800 device must be returned to the Operator.

3.8. The mandatory subscription period for the "Wi-Fly Annual" tariff plans is considered completed when the Subscriber uses the subscribed service package/tariff package for at least 1 year (365 days) from the date of activation of the included Services. Until the expiration of this established period, in case of termination of the "Wi-Fly Annual" tariff subscription due to actions or inaction of the Subscriber, the Subscriber shall fully pay the current debt to the Operator and a penalty of 15000 (fifteen thousand) AMD.

3.9. In the case of unilateral termination of the Subscription Agreement by the Subscriber who is a natural person, the termination of the Subscription Agreement by the Operator occurs only after the Subscriber has paid for the Services provided to them until the date of termination (cancellation) of the Subscription Agreement, including the monthly subscription fee, as well as any other payments stipulated by the Operator for the unilateral termination of the Subscription Agreement (penalties, fines, penalties), if any such exist.
